

This Week at Helen Keller Middle School School March 2 - 6

Eighth grade science teacher, Mr. Macaluso, discussing with his students changes in wavelength and frequency using a pendulum wave pattern generator.

Sixth grade students prepare for their next writing piece. They will hone their argumentative writing skills by answering this question: "Should classrooms be allowed to have a class pet?"

Art Club – 2019

A new artistic addition to the walls of HKMS created by our art club.

Mr. Jockers, the eighth grade Integrated Language Arts teacher, coordinated a school wide spelling bee. Congratulations to all of our finalists and our winner!
