

# Easton Community Center Thanks Community for Support

---

Dear Valuable Member of the Greater Easton Community,

Over the past few months the [Easton Community Center](#) and our community has had to withstand many challenging obstacles due to the COVID-19 pandemic.

Prior to these unprecedented times, Wednesday Nights at the ECC were a fun place for our Men's Roller Hockey League Players to come compete against each other.

We would like to thank our Men's Roller Hockey League for their continued support even while we have been temporarily closed to the public. They have generously donated to the ECC over \$715 and we are very appreciative of their kind gift.

Their bountiful donation is going towards our ECC COVID-19 Relief Fund, which is going to help with basic building needs and PPE supplies, so we can continue our mission in providing a safe place for teens, members to gather and enable us to provide childcare to families in our community.

Our 501(c)(3) organization receives no tax dollars and is 100% supported by programs, memberships and our generous donors, like you. We cannot say it enough or more sincerely how thankful we are for this foundation our community gives us. We would be grateful if you would continue your generous support of our organization by contributing to our ECC COVID-19 Relief Fund.

Tina Turechek
