

Letter: Support Jim Himes for Congress

To The Editor:

We have been very fortunate to be represented by our extremely hard-working and effective Congressman, Jim Himes.

While providing exceptional constituent services, Jim fights to build and maintain affordable health care, secures resources for our state's economy in expanding and creating jobs, and diligently works to protect individuals' constitutional rights.

Jim also is a leader on Congress's Intelligence Committee where he has overseen our critical international security interests to keep us safe.

Jim works tirelessly for his country and constituents. Join me in voting to return Jim to Washington so he can continue his outstanding service.

John Cunningham
