

# Letter: Anne Hughes for State Representative D-135th

---

To the Editor:

Anne is a problem solver accessible to ALL her constituents. Whether it is checking in on seniors with health care or tax relief issues, providing PPE to those who need it, or helping people save money on energy, Anne works hard to provide resources to those in need.

Her website and e-mails keep us in touch with her work on issues that affect us all and especially regarding COVID-19.

Please join me in voting for Anne Hughes!
