

Letter: Recommends Tony Hwang For Re-Election

To the Editor:

I am writing to recommend Tony Hwang for re-election as our state senator. I have had the good fortune to hear Tony speak many times and have always come away impressed with his knowledge of the issues and pending legislation.

Tony is a critical thinker that weighs each vote on its pros and cons. He has consistently shown himself to be a hard worker who stays in touch with his constituents and makes himself available to listen to them and hear how they feel.

For all these reasons, Tony Hwang should be re-elected to the state Senate.
