

Rain, Rain, Go Away!!

Saturday looks like a washout for the clean-up at Union. If it's wet Saturday morning, pour yourself an extra cup of coffee, read the latest in the Courier, drive over to the Firehouse Green, buy some plants from the wonderful ladies at the Easton Garden Club, and then rest up for a little work on Sunday morning at Union - if it dries out enough - before honoring mom! If it continues to rain or you can't make it on Sunday, we'll have another work party soon. If you have been to Union lately, you will know that a single day's worth of work isn't going to make the place look pristine, but we do need to start someplace! Community matters!!!!
