

# Letter: Jeff Parker Endorsement

---

To the Editor:

Since returning to Easton nearly 30 years ago, Jeff Parker has volunteered his time and contributed to our community by coaching sports, refereeing and most recently, stints on the Board of Education, both as member and chair.

His years on the Board of Education blended his business expertise with his understanding of education gained through his late wife Joan, the former principal of Helen Keller School.

My business dealings with Jeff have proven to always be fair and honest, a man of integrity. These qualities are what define a true leader. Therefore I strongly endorse Jeff Parker for First Selectman.

Sincerely,

Craig Samuelson

Easton
