

Letter: Vote for State Rep. Anne Hughes D -135th

To the Editor:

Accountability. This adjective perfectly describes our Anne Hughes whose record as a freshman state representative clearly demonstrates her commitment to Easton. She passionately fights for legislation that holds the government accountable to the people.

One example is Anne's leadership on the Take Back Our Grid Act, which holds power companies accountable by not allowing them to underinvest in infrastructure or implement surprise rate hikes. This legislation will prevent future power outages like the ones many of us experienced after Tropical Storm Isaias and prevent rate hikes that make Connecticut unattractive for potential home buyers.

Vote for Hughes!

Devon N. Wible
