

# New England Prayer Center Observes National Day of Prayer

---

The National Day of Prayer is an annual observance to intercede for America, leaders and families. Tomorrow, Thursday May 6, we open our doors and invite all people to pray for our nation and the world.

The NEPC is observing this day with morning, afternoon and evening prayer times. This country was birthed in prayer in reverence for God. We deeply desire for the mobilization of the Christian community in prayer. We welcome you to join us here tomorrow.

The New England Prayer Center is at 22 South Park Ave., Easton, CT 06612.

---
